Dear 2024 Seniors & Parents:

Thank you for expressing your interest in Joyful Heart Photography. I love senior sessions and creating special one-of-a-kind images for them. You will find I am easy-going, casual, and lots of fun - your session should be about you. Your likes, your interests and your personality.

I want you to look back at your senior portraits and remember this special time of your life known as 'Senior Year' with fondness, nostalgia and love. Let me capture your serious side, your funny side, and even your spunky side in photos.

It's my goal to make at least this part of your senior year as easy as possible. I'll help to guide you through the photo session and ordering process, answer your questions, and keep things as laid back as I am.

Let's plan

Outfits

- Solids photograph best
- Long sleeves work well
- Avoid spaghetti straps
- Have freshly laundered clothing and bring them on hangers to avoid wrinkles and creases!
- Remember to bring appropriate undergarments
- Remember to bring lip gloss & have a fresh manicure
- Don't forget a hair brush or comb and styling products if you use them.

Play Sports?

Don't forget the uniform, cleats, pads, equipment, shoes, etc...

What to Expect

- Sessions run 1-4 hours on average.
- props & collections are encouraged
- rain doesn't cancel! We'll still shoot indoor sets & reschedule outdoors
- your order session will be 1-2 weeks after your photo session
- be sure all decision-makers will be able to be at the order session.
- prints are in 3-4 weeks after your order is finalized.

(Canvases & Albums do take longer)

Payment Process (Cash, check, card, online invoice, and venmo are payment options.)

For your convenience, I've broken down the payment for your senior experience into four separate due dates:

- \$100 due to schedule session
- 1/3 the remaining total due the day of the session.
- 1/3 again at the order session.
- The remaining balance at order pickup.

Your session!
